

PTC University delivers the tools and training that enable you and your organization to use PTC technology effectively

Whether you're looking for specific training courses, ways to improve the proficiency of experienced users, or a custom corporate learning and adoption program, PTC University can help you secure the desired ROI of your PTC software investment.

PTC University provides training for all PTC products. With our extensive, role-based and modular curriculum, we cover the diverse training needs of the global PTC customer base through

- traditional classroom training
- online courses and
- corporate learning and adoption programs.

Our Training Advisors will be happy to analyze your needs and advise on the best training options for you and your organization.

Why PTC University?

• PTC Product Knowledge – First Hand

PTC University has direct access to the PTC product development and consulting organizations to ensure your courses include the most up-to-date product information, plus best practices derived from thousands of customer deployments.

• Global Expert Network

All PTC University training classes are being delivered by experienced instructors or certified training partners. Our global network ensures that PTC University trainings are delivered with consistent quality no matter where you are located.

• Flexible Delivery Options

Whether the class is taught on-site, virtually or in a traditional classroom, PTC University offers any instructor-led class in the delivery format of your choice. Courses are also available as eLearning libraries backed up by a powerful learning management system, PTC University Precision LMS.

Key figures

- 100 training centers in 35 countries
- 400+ certified instructors
- More than 100,000 students trained each year
- More than 6,500 hours of online courses available
