

PTC University Unlimited Classroom Subscription

Improve your skills and boost your productivity: Plug in to unlimited learning!

At PTC, we want to make it easy for you to expand your skills and improve your proficiency with PTC software. Learn, how this subscription model will help...

PTC customers get access to our eLearning libraries in every software subscription as well as free online tutorials and content via the PTC Learning Connector.

But because everyone learns differently, we want you to have the options. Instead of self-paced eLearning courses and tutorials, you may prefer engaging with an instructor in a classroom.

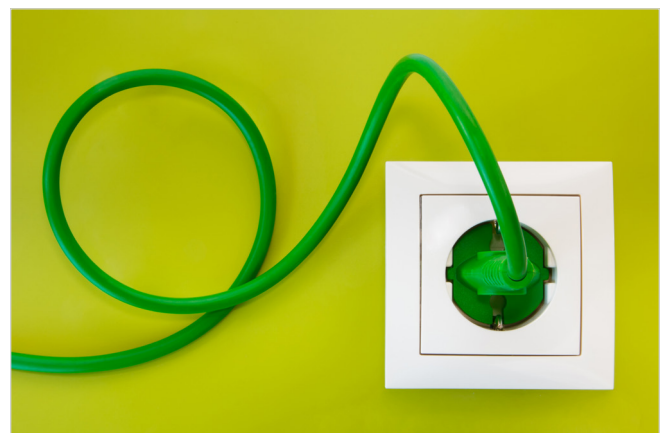

We understand that budget is also a factor in the decision-making process for training, so we are introducing the PTC University Unlimited Classroom Subscription as a cost-efficient option to plug in to a continuous learning experience.

Plug in to unlimited learning

The PTC University Unlimited Classroom Subscription facilitates access to the training classes and promotes the importance of skill improvement within your organization.

Apart from generally encouraging skills improvement in their teams, managers can leverage this subscription to cost-effectively

- develop new team members
- ensure team members get up to speed on new functionality when changing roles or adding new responsibilities.

Benefits of instructor-guided training:

- Leverage the expertise of an instructor and get immediate answers to your questions
- Collaborate and discuss with peers
- Stay focused in a modern classroom environment

Save Cost & Time

- Pay once, train as much as you like. You start saving on the 10th day of training booked.
- Save the paperwork. You order once, the rest is just letting us know which class you want to attend.

“Pick & Plug” via PTC.com

- You check the public schedule and email us your class of choice.
- Our training advisors will get you seated.

Choose your Preferred Option

- Choose between virtual classes or in-center classes*.
- The subscription also includes classes by our Authorized Training Partners, so we can offer an unmatched geographic reach.

*MakerLabs are not included.
