

eLearning are on-demand, self-paced courses. Our eLearning library contains hundreds of courses that are included for any user with a LEARN Online Subscription or for those who have purchased a product subscription. eLearning is foundational content and enables students to virtually learn on their own time frame.

Our eLearning content is available in Training Central and PTC University Enterprise (formerly Precision LMS).

Training Central

LEARN Basics eLearning courses are available in Training Central, PTC University's newest Learning Management System (LMS). Explore Training Central to find the latest eLearning releases for Creo, ThingWorx, ThingWorx Kepware, Windchill, and Vuforia.

Step 1) Log in to [PTC University Training Central](#)

Step 2) From the home page, browse content by [Delivery Type of eLearning](#)

Enterprise

Additional eLearning courses are available in Enterprise. Explore Enterprise to find our classic eLearning content for additional product offerings.

Step 1) Log in to [PTC University Enterprise](#)

Step 2) Select the Find Training tab to search eLearning content

Looking for more training options? Visit our [Curriculum](#) page for a complete list of PTC University courses
