

How to Access Your Training Guide

Before Class Day

Training guides are available 24 hours before your class begins.

Class Day

- 1) Launch [Class Day Portal](#) to access your class details. Sign in using your PTC.com credentials.
- 2) Start with Step 1 SELECT CLASS and click **Upcoming Class** to find your scheduled classes. Click **Try refreshing** if you can't find the class.

The screenshot displays the 'Class Day Portal' interface. At the top, a horizontal navigation bar contains five steps: Step 1 SELECT CLASS (highlighted), Step 2 ENTER CLASS, Step 3 ACCESS STUDENT GUIDE, Step 4 CONNECT TO TRAINING COMPUTER, and Step 5 CLASS SURVEY. Below this, the 'Step 1 Select Class' section is active. It includes a welcome message: 'Welcome, join your class by selecting from the list below. Once you've selected your upcoming class, follow the next steps to successfully join your class. Your classes will appear below 24 hours prior to the start time.' Under the 'Upcoming Class' heading, there is a table of available classes. The first class, 'ThingWorx Kepware: Fundamentals of Advanced Tags and Database Connectivity (B5021N4)', is highlighted with a green border. It is scheduled for 'Aug 31, 04:00 PM (JST) | 3 Hours' and is a 'Virtual' class. A 'Try refreshing' link with a circular arrow icon is located to the right of the class list. Below the 'Upcoming Class' section is a 'Completed Class' section with a right-pointing arrow icon. At the bottom, a progress bar shows five steps, with Step 1 being the active and highlighted step. A 'NEXT →' button is located at the bottom right of the interface.
