

Step 1) Launch the [Class Day Portal](#) to access your class details. You will log in using your PTC.com credentials.

- Pro Tip: Bookmark this page for easy access.

Step 2) Start with Tab 1: "SELECT CLASS." On this tab, you will select the class you are trying to join.

- Your class will only appear under the "Upcoming Class" section if the class is set to begin within 24 hours.

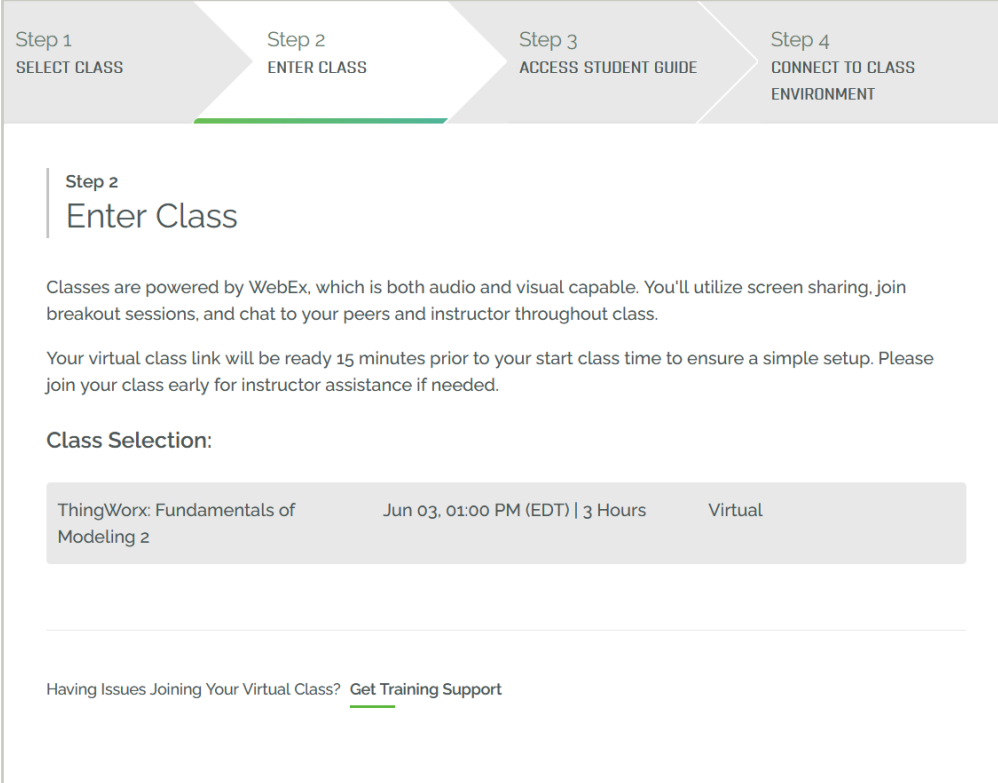

The screenshot shows a four-step progress bar at the top: Step 1 (SELECT CLASS), Step 2 (ENTER CLASS), Step 3 (ACCESS STUDENT GUIDE), and Step 4 (CONNECT TO CLASS ENVIRONMENT). Below the progress bar, the 'Step 1 Select Class' section is active. It includes a welcome message and a section for 'Upcoming Class' with a 'Try refreshing' link. A single class is listed in a table:

Class Name	Start Time	Duration	Format
ThingWorx: Fundamentals of Modeling 2 (AOY2XND)	Jun 03, 01:00 PM (EDT)	3 Hours	Virtual

Step 3) Once your class is selected, click Tab 2: "ENTER CLASS."

- If your class supports a virtual meeting tool, you will be asked to "Join Class." Please note, the "Join Class" button will not appear until 15 minutes before your class start time.
- If your class is being delivered in person, you will not be given an option to join the class virtually.

The screenshot shows a four-step process for joining a class. Step 2, 'Enter Class', is highlighted with a green underline. The content of Step 2 includes instructions on using WebEx, a note about the 15-minute advance link availability, and a class selection card for 'ThingWorx: Fundamentals of Modeling 2' on June 03, 01:00 PM (EDT) | 3 Hours, Virtual. A link for 'Get Training Support' is provided at the bottom.

Step 1
SELECT CLASS

Step 2
ENTER CLASS

Step 3
ACCESS STUDENT GUIDE

Step 4
CONNECT TO CLASS ENVIRONMENT

Step 2
Enter Class

Classes are powered by WebEx, which is both audio and visual capable. You'll utilize screen sharing, join breakout sessions, and chat to your peers and instructor throughout class.

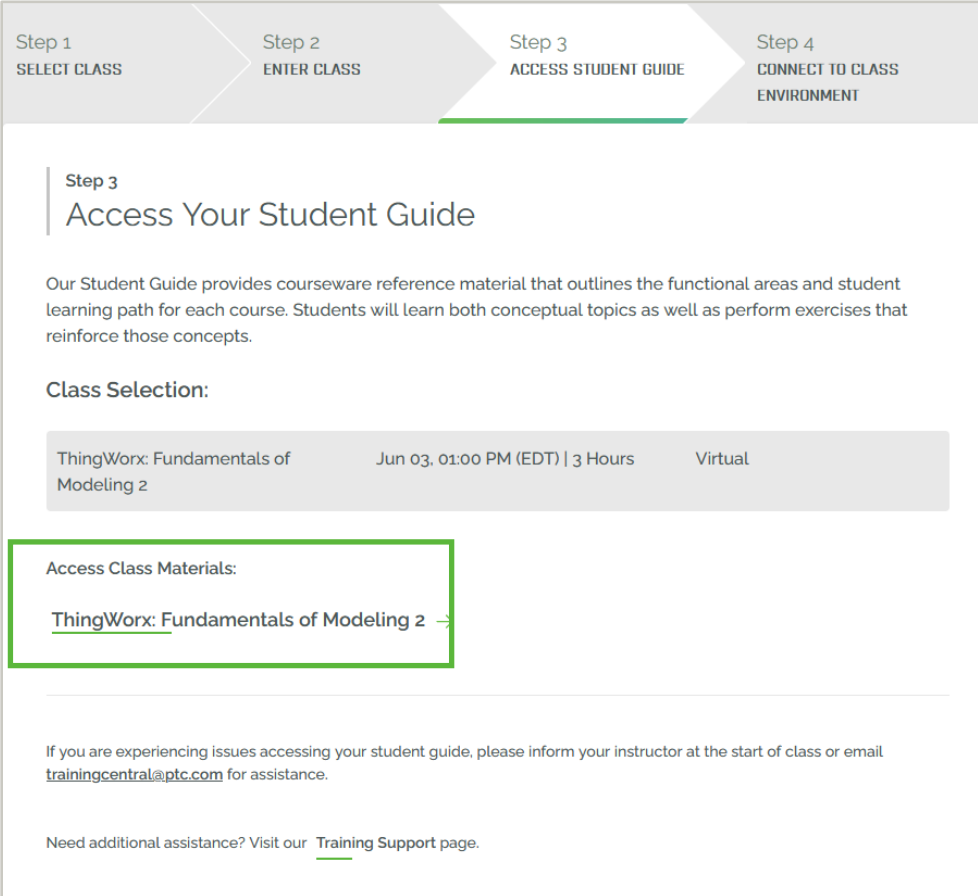

Your virtual class link will be ready 15 minutes prior to your start class time to ensure a simple setup. Please join your class early for instructor assistance if needed.

Class Selection:

ThingWorx: Fundamentals of Modeling 2	Jun 03, 01:00 PM (EDT) 3 Hours	Virtual

Having Issues Joining Your Virtual Class? [Get Training Support](#)

- Step 4)** Once you've joined your class, move to Tab 3: "ACCESS STUDENT GUIDE."
- Click the name of the class to open your student guide.
 - Your student guide will open in a separate browser.
 - If you are experiencing a proxy server or firewall issue, we recommend reviewing this document [here](#).

Step 1
SELECT CLASS

Step 2
ENTER CLASS

Step 3
ACCESS STUDENT GUIDE

Step 4
CONNECT TO CLASS ENVIRONMENT

Step 3
Access Your Student Guide

Our Student Guide provides courseware reference material that outlines the functional areas and student learning path for each course. Students will learn both conceptual topics as well as perform exercises that reinforce those concepts.

Class Selection:

ThingWorx: Fundamentals of Modeling 2 Jun 03, 01:00 PM (EDT) | 3 Hours Virtual

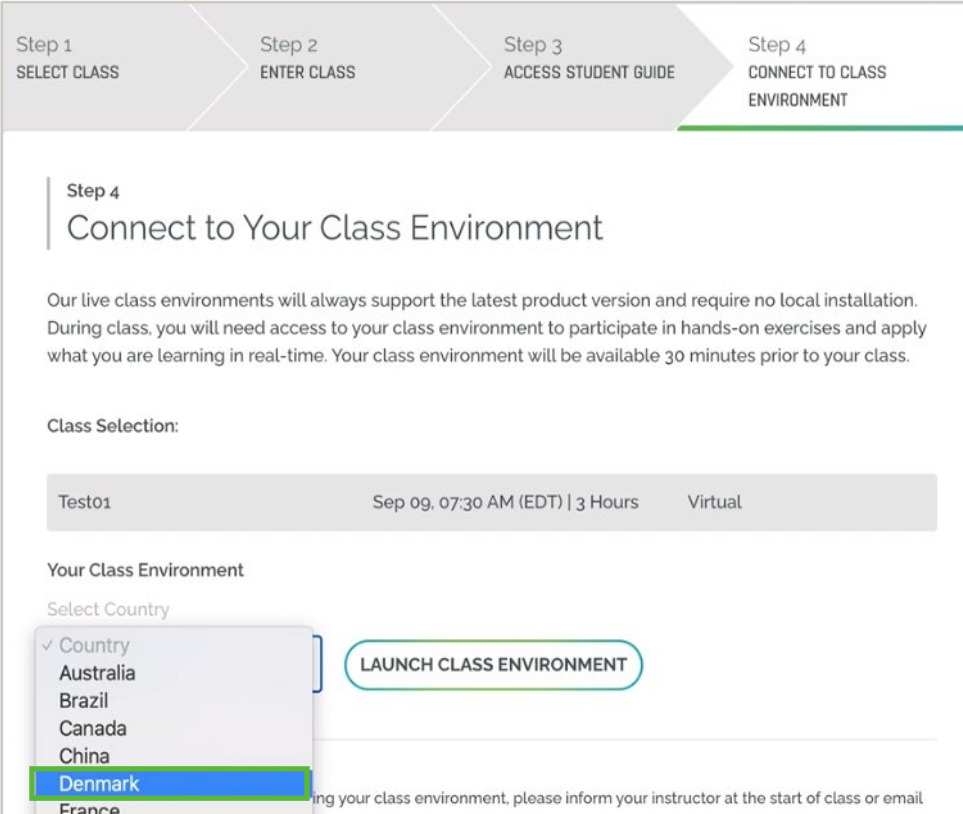

Access Class Materials:

[ThingWorx: Fundamentals of Modeling 2](#) →

If you are experiencing issues accessing your student guide, please inform your instructor at the start of class or email trainingcentral@ptc.com for assistance.

Need additional assistance? Visit our [Training Support](#) page.

- Step 5)** Once you've connected to your student guide, move to Tab 4: "CONNECT TO CLASS ENVIRONMENT."
- Select the country you are in or the closest to.
 - Once your region is selected, click "Launch Class Environment."
 - Your Class Environment will start to load.
 - This can take anywhere from 2-10 minutes.
 - Follow the remaining instructions to get connected to your class environment for your class.

Step 1
SELECT CLASS

Step 2
ENTER CLASS

Step 3
ACCESS STUDENT GUIDE

Step 4
CONNECT TO CLASS ENVIRONMENT

Step 4
Connect to Your Class Environment

Our live class environments will always support the latest product version and require no local installation. During class, you will need access to your class environment to participate in hands-on exercises and apply what you are learning in real-time. Your class environment will be available 30 minutes prior to your class.
